Enjoy the best of Kentish markets at the Pantiles

This weekend visitors to Tunbridge Wells can sample a variety of fresh local produce and hand made goodies at the Pantiles' markets.

Treat yourself to a sizzling summer BBQ with fresh produce and tasty ingredients from the Farmers' Market on Saturday which runs from 10am until 4pm.

Local producers from West Kent and East Sussex will lay a table of juicy fruit and seasonal vegetables, goat's cheese, game, home baked cakes and international bites. You'll find home made pork sausages, olives, peppers and delicious snack mixes. There'll also be local butchers offering quality meats and the fishmonger selling freshly caught British fish.

The Craft Market gets underway on Sunday and also runs from 10am to 4pm. Browse or buy from the great treats on offer. There'll be home-made wooden toys, children's' clothes and natural home-made cosmetics for the ladies. You'll also find cushions and aprons with local artists showcasing handcrafts, jewellery, photography, sculptures, paintings and much much more.

The markets will run on the first and third weekends of each month throughout summer so there'll be plenty of opportunities to enjoy.
